E-MAIL & INTERNET - POLICY

1. POLICY STATEMENT

Tayside Police is a forward thinking organisation that promotes the use of technology and electronic media in order to help our customers to access our service and accordingly to provide our staff with the 21st century business tools necessary to achieve our high standards of service.

The force policy is to provide all of our staff that requires electronic media with E-Mail & Internet access for the purpose of operational and business use only.

The force expects all of its E-Mail & Internet users to utilise these functions in a professional and responsible manner whilst ensuring the security of the system, and the data held and processed within it.

All use of E-Mail & Internet within the Tayside Police system shall be in strict accordance with this policy and the guidance provided and will therefore be subject to regular monitoring and audits.
